

Customer Name:
Steel Yard Segment,
West Bengal Region

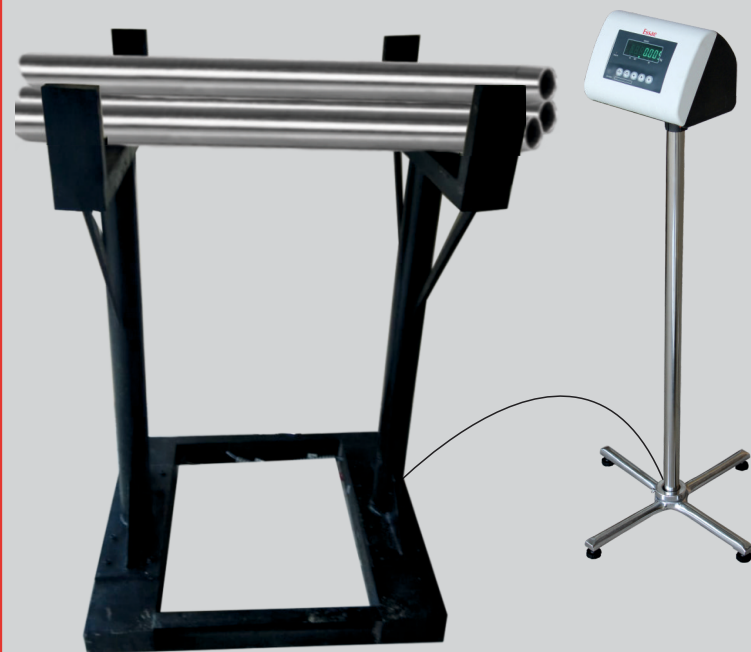

Issue No : NL057
Date : 02/08/2019
Page No : 01

Solution offered to weigh Steel Rods/Pipes in the platform with integrated pillar structure

Existing Solution:

Proposed Solution:

DS-415N
Capacity : 100 kg - 600 kg

Problem faced:

- Rod/Pipe will get hang and touches to the ground, hence there is a chance of wrong weighing

Solution offered:

- Rod/Pipe which is kept on Pillar platform will avoid touching ground & provides the exact weighing
